

Week 16: July 3, 2020

The 24Pet[®] ShelterWatch Report: COVID-19 Impact report is a weekly gauge of U.S. homeless pet populations in the care of animal welfare organizations. Data is aggregated via the PetPoint Animal Management Software, a cloud-based application developed and launched in 2005. PetPoint is the most widely used animal management application in North American animal welfare.

The COVID-19 Impact Report aggregates data from 1191 animal welfare organizations ("AWOs") in the United States. It compares the weekly data to data from the week before the federal declaration (March 7-13) and same week in 2019.

For the purposes here, AWOs are defined as animal control agencies, SPCAs, humane societies and rescue groups. Only data from AWOs operating PetPoint during both January 1, 2019 to current have been included. For commentary see: https://pethealth.force.com/community/s/blog

As the world navigates through a new reality, our pet population remains vulnerable and in-need.

Despite temporary closings and reduced shelter capacity, at least 409,828 new animals have arrived in the 1,191 shelters monitored by the 24Pet® ShelterWatch Report since the start of the pandemic. This number is expected to surge in the coming months with an anticipated increase in relinquished and abandoned animals.

Pethealth Services (USA) Inc. ("24PetWatch[®]) strives to provide accurate and up-to-date material on this 24Pet[®] ShelterWatch Report (the "Report"). 24PetWatch[®] assumes no responsibility or does not guarantee as to the accuracy or timeliness of the material provided in this Report. Neither 24PetWatch[®], its employees, officers, directors, agents, parent companies or subsidiary companies assume any liability or responsibility for any errors or omissions on any information provided within this Report.
