

Week 28: September 19, 2020

The 24Pet[®] ShelterWatch Report: COVID-19 Impact report is a weekly gauge of U.S. homeless pet populations in the care of animal welfare organizations.

The COVID-19 Impact Report aggregates data from 1200 animal welfare organizations ("AWOs") in the United States. It compares the weekly data to data from the same week in 2019.

For the purposes here, AWOs are defined as animal control agencies, SPCAs, humane societies and rescue groups. Only data from AWOs operating PetPoint during both January 1, 2019 to current have been included.

COVID-19 IMPACT

As the world navigates through a new reality, our pet population remains vulnerable and in-need.

Despite temporary closings and reduced shelter capacity, at least 951,667 new animals have arrived in the 1,191 shelters monitored by the 24Pet® ShelterWatch Report since the start of the pandemic. This number is expected to surge in the coming months with an anticipated increase in relinquished and abandoned animals.
