

#### Week 9: May 15, 2020

The 24Pet® ShelterWatch Report: COVID-19 Impact report is a weekly gauge of U.S. homeless pet populations in the care of animal welfare organizations. Data is aggregated via the PetPoint Animal Management Software, a cloud-based application developed and launched in 2005. PetPoint is the most widely used animal management application in North American animal welfare.

The COVID-19 Impact Report aggregates data from 1191 animal welfare organizations ("AWOs") in the United States. It compares the weekly data to data from the week before the federal declaration (March 7-13) and same week in 2019.

For the purposes here, AWOs are defined as animal control agencies, SPCAs, humane societies and rescue groups. Only data from AWOs operating PetPoint during both January 1, 2019 to current have been included. This week's report looks different, it is our first step in fully automating this report. Now that this report is automated, you will see small changes in in prior week's data. This occurred because this report is generated off live data allowing user to update historical records. For commentary see: <a href="https://pethealth.force.com/community/s/blog">https://pethealth.force.com/community/s/blog</a>

### As the world navigates through a new reality, our pet population remains vulnerable and in-need.

Despite temporary closings and reduced shelter capacity, at least 174,235 new animals have arrived in the 1,191 shelters monitored by the 24Pet® ShelterWatch Report since the start of the pandemic. This number is expected to surge in the coming months with an anticipated increase in relinquished and abandoned animals.

March 13 - May 15, 2020 compared to the same period in 2019

### US NATIONAL STATS 174,235 dogs & cats entering shelters -49% -46% cats dogs 47,391 dogs & cats in foster care 0% +36% cats dogs 111,103 dogs & cats adopted -30% -29% cats dogs **30**% decline in adoptions increase in foster population
